

A Benefit Concert
for
Pakistani Relief

Months after the event, many Pakistani's are still without homes, The fortunate live in shelters, but many live in tents or out in the open.

Ed Woodhall and Peninsula Bible Church are working together to help Pakistanis rebuild. Just \$100 will buy a stove for one of the new homes that are being built by the Pakistanis themselves with our help.

Help us realize our goal of providing just 20 new stoves for homes in the mountains of Kashmir.

Pianist **Larry Reed** is giving a private concert to help in this relief effort.

Join us at the Palo Alto home of Jim and Karen Lewis for an intimate evening of original jazz piano music to help us reach our goal.
